# School Report

---

School Committee

A B SHERMAN D T McCURDY MRS. O R HARRIMAN

Supt —D H MATHIESON

To the Citizens of the Town of Liberty:

We herewith respectfully present our annual report of the schools of the Town of Liberty

The Sherman's Corner schoolhouse has been repaired to the extent of reshingling and reclapboarding, also painted both inside and out.

The South Liberty schoolhouse, due to the fact that it will be in permanent use, should be repaired and remodeled to meet standard requirements. This building is in need of new windows, new blackboards and proper toilet facilities. Four hundred dollars will be needed to do the required work.

But small headway has been made with equipping our schools with proper text-books and equipment and at least \$300 is needed to do what is necessary for the coming year.

We recommend to the citizens of the town the dividing of the grades in the village school into two groups in order to improve the standard of the school; also recommend that the matter of instituting a standard A grade high school be given your serious consideration and that whatever housing facilities are needed be met by utilizing some unused school building.

We wish to express our appreciation for the support given by the citizens for the past year and for the liberal financial support which the town provided.
